Today's learners are tomorrow's leaders

Thursday 14th January 2021

Dear Parents/Carers,

RE: SINGLE CASE IN A SCHOOL - ADVICE FOR THE REST OF THE SCHOOL COMMUNITY

I am writing to inform you that, today, the school has been advised that there has been another confirmed case of COVID-19 within the school.

Your child has **NOT been identified as a close contact of the case** and, therefore, they **do not need to self-isolate**.

We have undertaken a full risk assessment with the public health authorities and are continuing to monitor the situation and are working closely with Public Health England.

We believe all necessary precautions have been taken to limit further transmission. This letter is to inform you of the current situation and provide advice on how to support your child. Please be reassured that for most people, coronavirus (COVID-19) will be a mild illness.

The school remains open but only for the children of key workers and children who are vulnerable. Providing they remain well; these children can continue to attend school as normal.

What to do if your child develops symptoms of COVID 19

If your child develops symptoms of COVID-19, they should get a test and remain at home for at least 10 days from the date when their symptoms appeared.

All other household members who remain well must stay at home and not leave the house for 10 days, unless the test result is negative. **Please inform the school of any symptoms and test results.**

The 10-day period starts from the day when the first person in the house became ill.

Household members should not go to work, school or public areas and exercise should be taken within the home.

If you require help with buying groceries, other shopping or picking up medication, or walking a dog, you should ask friends or family. Alternatively, you can order your shopping online and medication by phone or online.

Household members staying at home for 10 days will greatly reduce the overall amount of infection the household could pass on to others in the community.

If you are able, move any vulnerable individuals (such as the elderly and those with underlying health conditions) out of your home, to stay with friends or family for the duration of the home isolation period.

Symptoms

The most common symptoms of coronavirus (COVID-19) are recent onset of:

- new continuous cough and/or
- high temperature
- a loss of, or change in, normal sense of taste or smell (anosmia)

For most people, coronavirus (COVID-19) will be a mild illness.

If your child or anyone in the household does develop symptoms, you can seek advice from NHS 111 at: <https://www.nhs.uk/conditions/coronavirus-covid-19/symptoms/> or by phoning 111.

How to stop COVID-19 spreading

There are things you can do to help reduce the risk of you and anyone you live with getting ill with COVID-19.

Do

- wash your hands with soap and water often – do this for at least 20 seconds
- use hand sanitiser gel if soap and water are not available
- wash your hands as soon as you get home
- cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze
- put used tissues in the bin immediately and wash your hands afterwards

Should you require any further information please do not hesitate to contact the school office on **0208 690 4713**.

Yours sincerely

Tom Bulpitt
